DEPARTMENT OF COMMERCE

A.S.D. Govt. Degree College for Women
(Autonomous), Kakinada

ABOUT THE COLLEGE

Annavamam Satyavathi Devi Government Degree College for Women”, was established with the objective of emancipation and empowerment of women in higher education. It came out with the efforts of prominent local women group of the day. The logo of the college represents “Sthri Vidya Pravardhatam”, which means, women education shall prosper. On par with global trends, the institution strives hard to reach its aims / goals by upgrading the knowledge and standards in the course of teaching and learning. Our College is the only Government College for Women having Autonomous Status in both East & West Godavari districts together. The College is offering B.A. (H.E.P.; T.H.P., Tourism and Travel Management), B.Com (TM, EM, & Computers), and B.Sc (MPC, MPCS, CBZ, CBMB, CZAq & H.Sc) under CBCS scheme at UG level, M.Com and M.A (Telugu) courses at PG level.

ABOUT THE DEPARTMENTS:

DEPARTMENT OF ECONOMICS

The Department Of Economics was established in the year 1962 since the inception of the college. The vision of the Department is to impart the theoretical and applied knowledge of Economics in young women as per the changing Global Economic Scenario. Economics is offered with two combinations in B.A (H.E.P & H.E.T) at UG level. Since the inception, the department has been actively receiving a good number of students.

DEPARTMENT OF COMMERCE

The Department of Commerce was established in the college in the year 1993 and B.Com Vocational in the year 1996. Several eminent teachers worked in the department. The department regularly organizes a variety of co-curricular activities in addition to classroom teaching for promoting active learning by the students. The department has privilege to start M.Com course from the academic year 2016-17.

ABOUT THE SEMINAR

During the post reforms period, Indian economy has emerged as one of the fastest growing economies of the world. In fact, next to China, India’s growth rate during 2003-15 has been highest in the world. This is often referred to as India’s growth miracle. With an aim to acquire \$ five trillion economy status, India has to consistently achieve a minimum of 9%+ growth rate for next five years. Meanwhile, economic indicators reflect that the GDP growth of India has gone down to almost five per cent in the first quarter of financial year 2019-20. Many sectors that contribute to the Indian Economy’s growth path, like Automobile, Real estate, Manufacturing, Agriculture are lagging behind in achieving desired growth rate and jobs in these sectors are not only going down but are also trimmed. The GDP growth of Indian Economy has touched the six year low in the recent. The cause of the problem as shared by some of the experts consists internal & external supply and demand side shocks besides the problems include demonetisation & stressed banking sector, GST implementation and problems in Agriculture sector. The aim of the seminar is to sketch out the issues in economic slowdown, dynamics and prospective.
