Department of Chemistry

ACTIVITY REGISTER FOR THE YEAR 2019-2020

Title of the Activity	Industrial Tour to NIH
Date	14.02.2020
Conducted by	Department of Chemistry
Nature of Activity	➤ Creating awareness among the students on Drug development, manufacturing, stages of drug discovery, advancements and innovations in the Pharmaceutical Industry
Number of Students Participated	30
Brief Report on the Activity	The Department of Chemistry along with the staff and students visited Venky Parenterals, Yanam on 14.02.2020. The students have learned about the raw materials that are imported from Mumbai. They have also learned about the moulding machine of tablets at compression room (Amoxycillin), Packing of Ulcer Tablets at blister packing room, then sugar coated tablets of B-Complex etc., By observing professionals and machinery in action, students gained practical insights into the tools, technologies and processes used in the industry.
Name of the Lecturer who planned and conducted the Activity	Dr.D.Chenna Rao, Incharge of Chemistry Sri.V.Badri Narayanrao, Lecturer in Chemistry Smt.V.Anantha Lakshmi, Lecturer in Chemistry Ms.M.Subbalakshmi, Lecturer in Chemsitry
Signature of Lecturer Incharge	
Signature of the Principal	

INDUSTRIAL TOUR TO VENKY PARENTALS

METTAKPUR YANAM

- * Firstly, we saw "Raw materials" that are imported from Mumbai.
- * Then we visited moulding machine of tablets at compression room ("Amoxylin tablets")
- * packing of "ulcer tablets" with Blister packing room, then the sugar coated tablets of B-complex [yellow and green] colours in machine sieving of drug for uniform distribution.
- * Later the solution of "Bees wax", "carnauba wax" is applied after dried of the sugar coating.
- * Then the B-complex tablets are packed in plastic boxes and some tablets are in epison (or) plastic covers.
- * Finally, we saw the varieties tablets such as "cetrizine (zyrtec)", "Amoxylin", "B-complex", "ulcer tablets" are packed for transport.
