A.S.D. GOVT. DEGREE COLLEGE FOR WOMEN (A)
Jagannaickpur, Kakinada
Department of Microbiology
Activity Register 2018-2019

Date	16-09-18
Conducted through (DRC/JKC/ELF/NCC/NSS/ Departments etc.)	Department of Microbiology
Nature of Activity (Seminar/Workshop/Extn.Lecture etc.,)	Rally - Awareness Programme
Title of the Activity	Awareness on Protection of Ozone Layer
Name of the Department/Committee	Department of Microbiology
No. of students participated	18
Brief Report on the activity	<i>The September 16 observance of International Day for the Preservation of the Ozone Layer. Ozone is a chemical, a bluish gas, one molecule of which has three Oxygen atoms. The normal Oxygen molecule has only two atoms of Oxygen. Almost all the atmospheric Ozone lies concentrated as a thin layer enveloping the Earth at a height of about twenty four to thirty kilometers high above ground. The Montreal Protocol decided to ban the CFC s and other ozone depleting chemicals. The UN declaration for International Day for the Preservation of the Ozone Layer, and the awareness programmes has positive effect. Students of I BSc Participated in Rally and created Awareness on Protection of Ozone Layer with placards and slogans in Jagannaicpur, Kakinada</i>
Name of the Lecturers whoPlanned & conducted theactivity	Dr. K. Aruna
Signature of the Dept. In- Charge/Convener of the Committee	 16/09/18
Signature of the Principal
