REPORT ON WORLD OZONE DAY CELEBRATIONS

Department of Chemistry A. S. D. Govt. Degree College for Women (A) celebrated Ozone Day on 13/09/2024 at 2 pm and 17/09/ 2024 in RB-2. World Ozone Day, observed annually on September 16th. Its main objective is raising awareness and catalyzing action to protect the ozone layer, our planet's protective shield. Since its inception following the adoption of the Montreal Protocol in 1987, this day has underscored the importance of global cooperation in combating ozone depletion and its harmful effects. The theme **for World Ozone Day this year 2024, "Montreal Protocol: Advancing Climate Action,"** highlights the continued success of the Montreal Protocol, which has not only steered the ozone layer towards recovery but also contributed significantly to the fight against climate change. The protocol's phase-out of ozone-depleting substances has preserved biodiversity, safeguarded human health, and protected ecosystems and economies worldwide. Thanks to the Montreal Protocol, the ozone layer is healing and expected to return to pre-1980 values by mid-century. The slogan of the day, **'Ozone for life'**, reminds us that not only is ozone crucial for life on Earth, but that we must continue to protect the ozone layer for future generations. and enlightened the necessity to protect ozone layer.

Oral presentations on the theme **"Your role for sustainable Environment"** and Quiz competitions conducted on 13th September. Around **82** students participated in these two activities. On 13th September a pledge has taken to \ save environment and its sustainability. Poster presentation and essay writing competitions held on 17th September on the theme **"Ozone for life"**. 8 students presented posters and 3 students participated in essay writing competition. Around 100 students participated in the events & equipped knowledge about Do's and Don'ts to protect ozone layer.
