Title of the Practice: SAMANA- A STUDENT FAIR

Aim:

Keeping in mind of the practical life aspects, the implementation of an event to demonstrate and inculcate core essential skills within the student community.

Objectives of the Practice:

An event is to be conducted to tap the talents and potential of the students. The objectives of the practice include:

- To showcase the latent skills and inculcate entrepreneurial abilities among the students.
- To create awareness on the preparation of a budget proposal, banking transactions, and project proposals for start-ups.
- To provide first-hand experiences on consumer behaviors
- To empower the students on how to market their skills
- To help the students earn while they learn

The Context:

The "SAMANA" Student Fair is an initiative by the Department of Commerce that commenced in 2015 and was celebrated once every two years. It was initially aimed at students enrolled in Commerce programs, intending to foster their entrepreneurial skills. The Department of Commerce actively encouraged all the students to participate in SAMANA . By establishing and operating stalls as entrepreneurs, students could practically apply the business skills taught in their curriculum.

However, since 2020-21, this practice was embraced institution-wide, allowing participation from students across the college. This expansion elevated SAMANA to a college-wide event, recognized and adopted by the institution as a best practice. Consequently, it is now conducted annually under the eminent supervision and control of the Department of Commerce, which has assumed the role of the Coordinating Department.

The success and acceptance of SAMANA within the college have led to further development. SAMANA is now on the verge of evolving into a district-level activity, symbolizing its growth from a local college initiative to an anticipated regional event. This progression exemplifies SAMANA's journey from an exclusive internal affair to an upcoming district-wide engagement

Practice:

Higher education institutes aim to impart knowledge, but in the current competitive landscape, this is not enough. Students require employment and entrepreneurship skills as well. It's essential for graduates to possess more than just academic knowledge to succeed in the present economic climate. Institutes offer courses to develop these skills.

The Department of Commerce invites proposals for stalls at the fair, which is later informed to the students. On the day before the fair, necessary arrangements are made by relevant teachers. Each student is charged a fee for their stall and assigned a stall number. On the day of the fair, students set up their stalls and get ready for the inauguration by a local prominent person and the college Principal.

The "SAMANA" student fair provides students a platform to use their skills and creativity commercially. It is a rare opportunity as students may possess skills but not know how to commercially utilize them. With the guidance of teachers, students learn project planning, budgeting and production based on demand. They also gain the ability to calculate profit/loss, estimate costs, and selling prices. These skills are particularly beneficial for female students who may not want to work after marriage and can start their own businesses.

Evidence of Success:

Initially the fair arranged in 2015 saw few stalls and only 50 commerce students participating. Over the years, the number of stalls and participants has grown significantly. By 2022-23, the stalls improved in both quantity and quality. Hence 81 students were participated in the year 22-23 with 27 stalls each stall organized by 3 members and 800 members visited to watch the stalls included not only students, but also locals, parents, and junior college students. The students also earned a good profit on their investments and submitted income and expenditure statement by each stall.

Problems Encountered and Resources required:

The foremost problem encountered upon initiation of the practice was the low motivation of the students. The teachers had to work hard to motivate them. Another major problem encountered was the time that both the teachers and the students had to spend on planning and preparing for the fair, due to the hectic academic schedule in the semester. As the majority of the students in the institution come from low and marginalized families, investing a small amount in setting up a stall was also a big challenge for the students. The parents of the students were skeptical about getting back the amount invested by their children, and it was therefore very difficult to convince them.

Notes (Optional):

This practice can be adopted by any higher education institutions as it brings out the latent talents and potentials of the students. This approach exposes students to a business-like atmosphere and enhances their abilities to plan and carry out projects, comprehend business profit and loss, and improve marketing skills. Such experience obtained during their time as students can pave the way for those who aspire to establish their own start-ups post completion of their academic education.

SAMANA - A Student Fair – 11-08-2023

It's an initiative by the department of commerce. It's started to inculcate entrepreneurial skills, marketing skills, budgeting skills, experience on customer behavior etc among the students. Students setup various stalls with different products for sale. This best practice boosted the morale of the students. The program was inaugurated by honorable Smt. Ragi reddy Chandrakala Deepthi - KUDA Chairman and also pride alumna of this College, Special invitee N. Sreedevi., Founder of Green Leaf Solutions, Kakinad & Rajamahendravaram, Guest of honor CA Radha .V.,Chairman SIRC, ICAI Bhavan, Kakinada and in the great leadership of Dr. V. Best Practice-II

Title of the Practice: Cheyuta (Helping hands)

The principal and the staff of ASD Government Degree College for Woman met in the principal chamber on and discussed about the visit to the old age home and also resolved to visit old age home regularly by all the departments of the college.

Community Service- A visit to the old-age home Janavalli. Departments viz, the Department of Botany and Horticulture visited the old age home on 23rd February 2023 with 20 girl students who interacted with the inmates of old age home and distributed 60kgs of Rice and buns. In addition, the department of Home Science visited the old age home on 10th March 2023 as a part of the extension activity distributed Aluminum cooking vessels to the old age home.

Objective: To inculcate the spirit of social service, respect, and care for the old people in the students and to allow them to get a better understanding of their emotions and helplessness.

The context: In the wake of growing number of incidents where children are failing to take care of their ageing parents which in turn leads to abandoning them in old age homes, this activity makes them aware of the importance and the need to take care of aged people.

As harmony in the family comes from caring for your elders and taking up their responsibilities as they grow old.

The practice: The faculty of Home science along with their final year students visited the old age home and donated Aluminum cooking vessels to the residents and Department of Botany also visited and distributed rice, buns to the inmate of the old age home. The students had a chance to interact with the people in the old-age home and get to know their stories.

Evidence of success: Teachers and students were greatly well pleased with the experience as they learned to empathize with the people living there. They also learnt to contribute their time, energy, and money to the needy. More importantly they learned to take part in many community service practices.

Problems encountered and Resources required:

- Low motivation
- Lack of proper understanding of the issue at hand
- Mobilizing funds

- Hectic academic schedules and
- Transportation problem (as most of the students are non-locals)

Finally, the evidence of success is that more and more departments are inspired by this practice and are coming forward to support them.

- Nurture and maintain a positive and healthy culture.
- Develop a culture of effective communication.
- Foster a spirit of patriotism.
- Inculcate public speaking skills.
- Cultivate correct audience habits.
- Provide opportunities for children to develop leadership skills.

Our college conducts a morning assembly daily at 9:30 AM, serving as a cornerstone best practice that sets the tone for the day. Students and staff gather near the dais in the open ground, assembly will be conducted by students with support of their peers.

The schedule is as follows:

1. Vandemataram
2. Students read news in Telugu and English.
3. Thought of the day and college news are shared.
4. Telugu and Hindi Poetry present by students with explanation
5. “Good Word of the Day” by Student Union President.
6. Pledge
7. The assembly concludes with singing Janaganamana, after which students disperse to their classrooms.

This best practice not only enhances their communication skills but also empowers them to articulate their thoughts in public. The morning assembly significantly contributes to shaping and moulding our students into future responsible citizens. Additionally, the assembly encourages teamwork, punctuality, and instills a sense of pride in the institution.
