DEPARTMENT OF COMPUTER SCIENCE

DEBATE

The Department of Computer Science has conducted a Debate on 02-08-2021 for II B.Sc. (M.P.Cs) Students through online mode. The session was conducted with a duration of 45min. and was conducted virtually.

Topic: Online Vs Offline Education

Team	Regd.No.	Name of the Participants	Group	Organization & Clarity over the Topic (10M)	Fluency (5M)	Presentation Style (5M)	Total marks 20(M)
	1932001	BEERAKA BHARGAVI	B.Sc				
A	1932002	KARRI VIMALA DEVI	(M.P.Cs)	8	4	4	16
	1932003	KATADI NAGA PRASANNA					
	1932030	TADI SIREESHA	B.Sc				
В	1932031	TALAGANA BHANU	(M.P.Cs)	6	4	3	13
	1932032	VALLU BHAGYA LAKSHMI DEVI					

Team A was declared as Winner of the Debate.

Views expressed by the participant teams.

Team A:

Team A has supported that Online Education. *Online education* is learning via online classes as per the convenience of the students and teachers. In comparison, *Offline education* is the traditional learning system where students and teachers have face-to-face learning. Both forms of education have their advantages and disadvantages.

Advantages of online education:

- It is flexible; can be accessed from anywhere with a device and internet connection.
- Budget-friendly.
- Convenient attendance.
- Class recordings are available for later references.

Disadvantages of Offline classes:

- Students may lack the opportunity to learn advancing technology.
- Time management becomes an issue for students who reside far away from campus.
- No recording or any other form of data is not always available for students who missed the class for later references.

Team B:

Team B has supported that Offline Education. Although online learning has become the preferred method for the majority of students, it's important not to dismiss the benefits of offline learning too. With online learning, students and teachers benefit from a more casual, flexible approach. Being unrestricted in regard to location and times means every learner can benefit from the courses. With offline learning, it's easier to ensure students are paying attention to the training. Some students also find it easier to retain the knowledge and skills they've learnt through offline learning than they do with online learning. As there are benefits to both learning options, it makes sense to offer a combined online and offline learning.

Advantages of Offline classes:

- Students are fully attentive towards class only; less distraction. Online classes have more possibilities of distractions where students may surf on other online platforms or pay less attention in class.
- Teachers can provide individual attention to the students, address their issues and solve it quickly.

Disadvantages of online education:

- One of the major disadvantages faced by students learning online is managing screen time. Online education requires staying logged in on the screen for an extended period regularly. Long-duration screen time becomes a great difficulty for the students and harmful for their health as well, especially the eyes.
- Another disadvantage includes technical glitches. Poor Internet connectivity
 issues also arise multiple times during online sessions. Small towns/cities,
 urban areas face the most difficulty maintaining stable Internet connection.
 It destroys the learning of the students.
- Other disadvantages include: Feeling of isolation by individuals, Minimal peer help, Group work not as efficient as it would be if done offline.
