Swachhata Pakhwada

Swachhta pakhwada is a fortnight initiative to carry on the agenda of Swachh Bharat Mission,aimed at promoting cleanliness.Swachh Bharat Abhiyaan is an initiative started by government of India to make the country completely clean of any mess or littering, thereby making every nook and corner of the nation clean and tidy.Earlier many awareness programmes (such as total sanitation campaign,nirmal bharat abhiyan.etc) about the environmental sanitation and personal cleanliness were launched by the Indian government however could not be so effective to make India a clean India.
Swachh Bharat Mission was launched by Prime Minister, Shri Narendra Modi on 2nd October, 2014 to urge people to fulfill Mahatma Gandhi's vision of a clean India,by his 150th birth anniversary in 2019.The campaign was carried out nationwide in more than 4,000 districts/towns in India.The aim of the mission is to cover all the rural and urban areas of the country to present this country as an ideal country before the world.Therefore The mission is divided into two parts — urban and rural.The Swachh Bharat Mission Urban is managed by the Ministry of Urban Development,while the Swachh Bharat Mission Gramin (Rural) is led by the Ministry of Drinking Water and Sanitation.

Swachhta is actually a pledge ceremony initiated by the central government for spreading awareness among people.The awareness will be about maintaining cleanliness within the community.This is done for engaging the mission of Swachh Bharat to a further extent.A lot of private organizations have immediately agreed to contribute at least 2 hours every week to carry on this noble cause.The cleanliness drive shall be done for a fortnight.There are various implementation policies and mechanisms for the programme including three important phases such as planning phase,implementation phase and sustainability phase.1.To construct individual sanitary latrines for household purposes for the people living under poverty line2.To remove the trend of open defecation3.Changing insanitary toilets into pour flush toilets4.Removal of manual scavenging5.Proper disposal of solid and liquid wastes6.Bring behavioral changes among people & enhance awareness about sanitation7.Enhance health and education awareness8.Strengthening the cleanliness systems in the urban and rural areas as well as creating user friendly environment for all private sectors interested for investing in India for cleanliness maintenance.

Swachhata Pakhwada started in April 2016 with the objective of bringing a fortnight of intense focus on the issues and practices of Swachhata by engaging GOI ministries/Departments in their jurisdictions.An annual calendar is pre-circulated among the Ministries to help them plan for the Pakhwada activities.

The Ministries observing Swachhata Pakhwada are monitored closely using online monitoring system of Swachhata Samiksha where action plans, images, videos related to Swachhata activities are uploaded and shared.After observing Swachhata Pakhwada, Ministries/ Departments announce their achievements through a press conference and other communication tools.For the Pakhwada fortnight, observing ministries are considered as Swachhata Ministries and are expected to bring qualitative Swachhata improvements in their jurisdictions.
