Field Visit to Kadiyum and Rajamahendravaram on 15.03.2023

One day Field Trip to Kadiyum Nurseries and Rajamahendravaram Biodiversity Park has been arranged by Department of Botany & Horticulture, A.S.D. Government Degree College for Women (A), Kakinada on 15.03.2023.

The Field Trip was conducted by Ms.K.N.V.S.N.Eswari, Lecturer Incharge of Botany, Dr.M.Sulakshana, Ms.N.Pushpa and Ms.P.Prasanna Sai Lecturers in Botany. The Field Trip was primarily planned for the final year Botany students as it is a part of their curriculum.

Objectives:

- The main objective of the trip is to explore the students to different Nurseries and the varieties of Plants.
- To learn the about different Indoor plants and their present demand in Market.
- Explore the students to the various varieties of fruit crops.
- To study the Flora and Fauna of the Biodiversity Park
- To learn the measures to be taken for conservation of Biodiversity
- It helps to bridge the gap between the education and hands on Experience.

Report :

On March 15th 2023, 51 students of III year Botany along with 04 Faculty members started our Journey to Kadiyapulanka from College campus by Bus at 6 am. We reached Kadiyapulanka Veeralakshmi Nursery by 8 am and all the students and Faculty had Breakfast.

The Managing Director of **Veeralakshmi Nurseries** Mr.M.Raju, Horticulturist explained the students about Grafting Techniques and gave the students hands on practice; he also showed the different varieties of plants in their Nursery and explained their Importance. From there we visited **Veera Hanuman Nursery**,

Kadiyapulanka opposite to Veeralakshmi Nurseries at 10 am. The students observed varieties of plants in that Nursery like Adiantum Sps., spathyphyllum, jade palnts, Boungevillae, climbers, ferns, palms, shrubs etc., We spent nearly one hour in the Veera Hanuman Nursery from there we started our journey to Sri Satyadeva Nurseries, Kadiyapulanka.

We reached **Sri Satyadeva Nurseries**, Kadiyapulanka by 11.30 am. Sri Raghu Ram garu, Horticulturist of Satya Deva Nursery interacted with students he explained the Layering techniques to them, he walked with us throughout the Nursery and explained the names and Importance of the plants in Satyadeva Nurseries, their business expansion, Transport facilities, Export and import of various plants, Marketing techniques etc., we all had a great time in the Nursery gained knowledge about the Nursery Field.

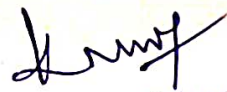

We all had delicious lunch from 1pm to 1.45 pm at nearby park and started our Journey towards Rajamahendravaram to visit Biodiversity Park. We reached **Godavari Mahapushkara Vanam (Biodiversity Park)**, Rajamahendravaram by 2.30 pm which was 3km away from the city located adjacent to the National Highway.

The Forest Department designed an action plan to make it a tourist hub which was located in an area of 250 acres in the reserve forest. Daily at least 500 people are visiting the Vanam and 1,000 people on holidays. A five km long walking track was arranged for walkers which is getting a good response. A small mart was set up to sell clay-related items in the Vanam. The ticket cost per adults is Rs.10 and for children Rs 5. Bio-diversity complex, ethological centre, natural study centre, Coringa marine museum, botanical garden, forest bath, Nakshtra Vanam, Raasi Vanam and models of 32ft blue whale skelton, skeletons of various animals (protecting by applying chemicals), models of animals and trees of Papi Hills and Coringa mangroves were also kept in bio-diversity centre, lion, tiger, byson, deer and others are also attracting the visitors. Moreover, Ashok Vanam is another attraction here. As many as 100 varieties of ornamental flowers are also available in the park. Visiting this park is very beneficial for our botanical Students. After visiting all the important places in the

Maha Pushkar Vanam till 5pm we started our return journey to Kakinada. We reached Kakinada safely by 7pm.

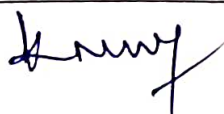

Conclusion :

The Students are very active in the Field Trip they gathered a lot of information. All the information collected by observation, talking to farmers and by taking photographs and Videos. It was a day filled with laughter, learning, and unforgettable memories which helps the students to experience a new method of learning beyond the Class Room .
