# Seed Ball Making In Collaboration with ALL IS WELL

## Preparation of seed balls: 29/06/2019

Arrange for good quality seeds of native trees.

Mix the seeds with about 60% mud/clay and 40% cattle dung – this is an approximate ratio – it can vary by 15%.

Add water and mould the mixture into small but firm balls. Seeds to be in middle of the balls. For large seeds, use at least 2 to 3 seeds while for small seeds you may use 5-7.

The cattle dung helps to keep animals and pests away and also provides nutrition while germinating. Cattle dung may be replaced with organic compost.

Dry the balls in shade for a couple of days, until they become firm.

Seedballs vary in size from 1.5 to 3 cm in diameter and 30 to 60 gms in weight.

Count the number of seed balls by weighing them.

**FIT INDIA RALLY  
IN COLLABORATION WITH ONGC  
ON  
02-02-2020**

The Fit India Rally organized by the ASD GDC Women's College aimed to promote physical fitness and healthy living among students and the wider community. The primary objective was to raise awareness about the importance of regular exercise and an active lifestyle in preventing lifestyle diseases like obesity, diabetes, and cardiovascular issues.

By organizing this rally, the college sought to inspire participants to incorporate physical activity into their daily routines and embrace a sustainable fitness culture. The event showcased various fitness activities, including aerobics, yoga, and traditional sports, encouraging people of all ages to find enjoyable ways to stay active.

**Students of ASD GDC participating in FIT India rally from Sarpavaram to Bhanugudi on 02-02-2020**

The rally's impact extended beyond the college premises as it brought together students, faculty members, and residents from the surrounding areas. This collective participation fostered a

sense of community spirit and camaraderie, motivating individuals to support and encourage one another on their fitness journeys.

Furthermore, the event served as a platform to educate participants about the benefits of a balanced diet and proper nutrition. Experts shared valuable insights on making healthier food choices, thereby complementing the physical aspect of fitness with a focus on overall well-being.

By organizing the Fit India Rally, the ASD GDC Women's College took a proactive step towards promoting a healthier society. The event's success has inspired plans for future editions, reinforcing the college's commitment to fostering a culture of fitness and wellness among its students and the broader community.

RED RIBBON CLUB ACTIVITIES BRIEF REPORT  
2019-2020

**AIDS Day Rally**

As part of World Aids Day, Students of Red Ribbon Club of A.S.D Govt. Degree College for women (A) Kakinada had participated in awareness programme on HIV/AIDS organized by the District AIDS Control Unit. The campaign was flagged off by the District Collector Sri. B. Muralidhar, to create awareness among the people to prevent AIDS. The World health Organization was campaigning on the theme "Rock the Ribbon" as it continued to create awareness throughout the year. Students stated that the disease was not a problem of an individual, but a problem of society and it could be resolved by fighting together. The campaign helps people to know about the disease, its symptoms, prevention methods and treatment available for the people living with HIV/AIDS. Outcome of the programme is that its a collective responsibility towards increasing awareness on HIV/AIDS prevention. The people were made aware and educated to handle the situation if someone in the family suffers from the disease.

**Blood donation Camp:**

Blood donation camp was conducted in association with Rotary blood bank Kakinada. A total of 41 voluntaries donated their blood. They emphasized that blood donation was the most significant contribution one can save the lives. Highlighted voluntary blood donation. Everybody has awareness of blood group system and importance of blood donation and students understand that its civic duty.

**ABO Blood grouping and Rh typing:**

RRC members performed free ABO Blood grouping and Rh typing to the students and identified the blood groups. RRC members may know the principle and procedure for blood grouping test. Knowing the blood type of donors and recipients is of the utmost important. They found that O+ is the most common blood type followed by AB+ve.

They recorded only two students with O-ve blood group. Blood grouping minimize the reactions during blood transfusion and pregnancy.

**Competitions:** Students actively participated in competition like Elocution and essay writing on AIDS. Through these competitions students gain the information on signs and symptoms, spared of HIV, preventive measures, Centers available for testing HIV by the Govt. of Andhra Pradesh.

### **Awareness Programme on HIV/AIDS:**

AIDS or Acquired Immunodeficiency Syndrome is a complex illness with a wide range of complications and symptoms. AIDS is the final stage of HIV. When individuals reach this stage, they are at high risk for opportunistic infections due to their badly damaged immune system.

**Outcome of the programme:** Students may know the tests available are

Enzyme immunoassay (EIA) tests use blood, oral fluid, or urine to detect HIV antibodies Rapid HIV antibody tests

All individuals should get tested for HIV at least once a year.

### **Awareness Programme on HIV/AIDS & Life skills:**
