Remedial Coaching

(2019-20)

Policy and aim

Remedial coaching is an educational cope with mechanism to assist the students who experience difficulties in their learning process. It aims to provide a simplified and clear explanation from the basic concepts to catch up with their peers and master the necessary academic skills. It is aimed at bridging the gap between the fast learners and slow learners, boosting their confidence and inculcate essence of competitiveness in the minds of those students. Here in this physics department, we segregate the students into advanced learners, normal students and students who need assistance. This segregation takes place based on their performance in the internal examinations and the immediate past semester examination performance. For the advanced learners we give them additional input of 20% in every chapter and student study projects that enhances their inquisitive nature and learning abilities. We take up remedial coaching for the students who need further assistance.

Remedial Coaching

2019-20

Departmental Activities

On 1st July 2019, students of I B.Sc Home Science students visited Indira Gandhi Referral Hospital and conducted case studies of pregnant women

Student Orientation Programme was conducted on 3-7-2019 to educate students on the subjects of home science, department rules and regulations, laboratories and infrastructure

One Day Skill Enhancement Programme for Preschool Teachers on “Holistic Development of Preschoolers through Thematic Approach”, sponsored by UGC, had been organized by the Department of Home Science on 1st March 2019

Department of Home Science organized a Guest Lecture on “Symptoms of suicide ideation and measures for prevention” on 7th September 2019. Dr. Trimurthulu Naidu was the resource person

On 21-11-2019 Conducted group discussion on Egg-Vegetarian or non vegetarian to the students of Home Science

On 17th December 2019, Method demonstration was conducted by Dr.G.Anitha on conducting Anthropometric survey to the students of Home Science

On 5th February 2020, workshop was conducted on preparation of Handicrafts to the students of Home Science. Smt.K.Aruna acted as the resource person

Department of Home Science conducted a Faculty Development Programme on Massive Open Online Courses (MOOCs)-Designing and Creation on 7th February 2020. Smt.S.Supriya sakamuri, Producer and Coordinator MOOCs, EMMRC-EFLU, Hyderabad acted as the Resource Person

On 19th February 2020, Dr. G. Anitha organized a programme on identification of nutritional disorders among the students of B.Sc Home Science

On 20th February 2020, students of III B.Sc Home Science under the guidance of Dr. G. Anitha conducted diet survey in the nearby community

Students of Home Science conducted awareness on Health and Hygiene in the nearby hostels in from 20th to 27th February 2020

On 25th February 2020 Dr.G.Anitha with the support of Ramana clinical laboratories conducted blood tests to estimate haemoglobin levels among the students of Home Science

Department of Home Science conducted Elocution competition on 26th February 2020 on “C

Department of Home Science conducted a Certificate course in Handicrafts in collaboration with Pidilite in March 2020

On 3rd March 2020, Dr. G. Anitha, Lecturer and students of Home science visited State Institute of Fisheries Science to learn about the nutrient analysis equipment

On 5th March 2020, Guest lecture on Glycolysis was conducted by Dr.G.Anitha.B.Virendar, Faculty, Vocational College acted as the resource person

Panel Discussion on**

SEXUAL HARASSMENT

A panel discussion was held on 19-12-2019 for the students of II B.Sc Home Science on the topic Sexual Harassment of women under the guidance of Smt.K.Lavanya,Lecturer in Home Science . In the beginning the students were briefed on the procedure for conducting a panel discussion. A panel for the discussion was selected by inviting the students voluntarily. Remaining students acted as audience. The points discussed and the writeup is as follows:

The United Nations defines violence against women as any act of gender-based violence that results in, or is likely to result in, physical, sexual, or mental harm or suffering to women, including threats of such acts, coercion or arbitrary deprivation of liberty, whether occurring in public or in private life.

Intimate partner violence refers to behaviour by an intimate partner or ex-partner that causes physical, sexual or psychological harm, including physical aggression, sexual coercion, psychological abuse and controlling behaviours.

Sexual violence is "any sexual act, attempt to obtain a sexual act, or other act directed against a person's sexuality using coercion, by any person regardless of their relationship to the victim, in any setting. It includes rape, defined as the physically forced or otherwise coerced penetration of the vulva or anus with a penis, other body part or object.

Risk factors

Factors associated with intimate partner and sexual violence occur at individual, family, community and wider society levels. Some are associated with being a perpetrator of violence, some are associated with experiencing violence and some are associated with both.

Risk factors for both intimate partner and sexual violence include:

- Lower levels of education
- A history of exposure to child maltreatment
- Witnessing family violence
- Antisocial personality disorder
- Harmful use of alcohol
- Having multiple partners or suspected by their partners of infidelity
- Attitudes that condone violence
- Community norms that privilege or ascribe higher status to men and lower status to women; and
- Low levels of women's access to paid employment.

Factors specifically associated with sexual violence perpetration include:

- beliefs in family honour and sexual purity
- ideologies of male sexual entitlement

- weak legal sanctions for sexual violence.

Gender inequality and norms on the acceptability of violence against women are a root cause of violence against women.

Health consequences

Intimate partner (physical, sexual and emotional) and sexual violence cause serious short- and long-term physical, mental, sexual and reproductive health problems for women. They also affect their children, and lead to high social and economic costs for women, their families and societies. Such violence can:

- Have fatal outcomes like homicide or suicide.
- Lead to injuries, with 42% of women who experience intimate partner violence reporting an injury as a consequence of this violence.
- Lead to unintended pregnancies, induced abortions, gynaecological problems, and sexually transmitted infections, including HIV.
- Intimate partner violence in pregnancy also increases the likelihood of miscarriage, stillbirth, pre-term delivery and low birth weight babies. The same 2013 study showed that women who experienced intimate partner violence were 16% more likely to suffer a miscarriage and 41% more likely to have a pre-term birth.
- These forms of violence can lead to depression, post-traumatic stress and other anxiety disorders, sleep difficulties, eating disorders, and suicide attempts. The 2013 analysis found that women who have experienced intimate partner violence were almost twice as likely to experience depression and problem drinking.
- Health effects can also include headaches, back pain, abdominal pain, gastrointestinal disorders, limited mobility and poor overall health.
- Sexual violence, particularly during childhood, can lead to increased smoking, drug and alcohol misuse, and risky sexual behaviours in later life. It is also associated with perpetration of violence (for males) and being a victim of violence (for females).

AKNUCET

COACHING CLASSES

2019-20

Conducted by

R.R.D. Sirisha, Lecture in Commerce

V.Srinivas, G/L in Commerce

Md. Hazara Parveen, G/L in Commerce

Career Development

In the career planning of B.Com and M.Com students for their future plans, the P.G. Courses right now available are M.Com and MBA.

Importance of MBA:

After the completion of MBA, a student can get the opportunity of working as a Management Trainee in MNC's initially, or else they can mould their careers as HR Executives also.

Importance of M.Com:

After the completion of M.Com, a student can get the opportunity of working as an Accounts Executive or as a faculty in Degree Lecturer and Junior Lecturer or they can work in the Audit Section also.

In any Corporate Company, importance of Financial Manager is very essential.

Respected Principal, M. Suvarchala, has shared her experiences with the students and clearly explained the career.

Course Structure:

Md. Hazara Parveen, has explained clearly about the career prospects for M.Com and MBA, and also about the Soft Skills.

The Course structure consists of Four Semesters in two year M.Com Course, and also a project to be done for the M.Com (Final) students.

V.Srinivas, also explained the career prospects for M.Com students and also said about the Communication Skills for the students.

We have decided firmly to give guidance to the students about the AKNUCET entrance examination.

Coaching:

We are offering coaching for admission into M.Com Course (AKNUCET).

We have decided to give study material for the students and brief explanation of the material for the entrance exam.
