Remedial Coaching

(2021-22)

Policy and aim

Remedial coaching is an educational cope with mechanism to assist the students who experience difficulties in their learning process. It aims to provide a simplified and clear explanation from the basic concepts to catch up with their peers and master the necessary academic skills. It is aimed at bridging the gap between the fast learners and slow learners, boosting their confidence and inculcate essence of competitiveness in the minds of those students. Here in this physics department, we segregate the students into advanced learners, normal students and students who need assistance. This segregation takes place based on their performance in the internal examinations and the immediate past semester examination performance. For the advanced learners we give them additional input of 20% in every chapter and student study projects that enhances their inquisitive nature and learning abilities. We take up remedial coaching for the students who need further assistance.

Glossary on Fundamentals of Accounting

- 1) Accounts payable: Money owed by a company to its creditors, normally due for payment to suppliers of goods or services.
- 2) Accounts receivable: Amounts due from customers.
- 3) Accounts: Financial statements prepared at the end of a period reflecting the profit or loss of the period and financial position at the end of the period.
- 4) Accounting period: The time period for which financial statements are prepared (for example, month, quarter or year).
- 5) Accrual basis: Accounting method that records revenues and expenses when they are incurred, regardless of when cash is exchanged. The term 'accrual' refers to an individual entry recording revenue or expense in the absence of a cash transaction.
- 6) Assets: Something a business owns, such as, for example, equipment or rights to a trademark.
- 7) Audit: An official inspection of an organization's accounts, typically by an independent body.
- 8) Bad debt: A merchant's account owed to a customer that is unlikely to be paid.
- 9) Balance sheet: A statement of the assets, liabilities, and capital of a business or other organization at a particular point in time, detailing the balance of revenue and expenditure over the preceding period.
- 10) Capital: An amount of finance provided, generally by the owners or shareholders, to enable a business to acquire assets and maintain its operations.
- 11) Capital expenditure: Spending on non-current (fixed) assets of a business.
- 12) Cash flow projections: Statements of cash expected to flow into and out of a business over a particular period.
- 13) Companies Act: Legislation to control the activities and administration of limited liability companies.
- 14) Corporation tax: Tax payable by companies, based on the taxable profits of the period.
- 15) Cost of goods sold: Materials, labour and other costs directly related to the goods sold or services provided.
- 16) Credit (terms of business): The supplier agrees to allow the customer to make payment some time after the delivery of the goods or services. Typical trader credit periods range from 30 to 60 days, but each agreement is different.

- 17) Credit note: A document summarising the reduction in charge on an invoice, usually because the customer has returned defective goods or has received inadequate service.
- 18) Creditor: A person or organisation to whom money is owed by the business.
- 19) Current asset: An asset that is expected to be converted into cash within the trading cycle.
- 20) Current liability: A liability which is expected to be settled in the entity's normal operating cycle, generally within 12 months after the balance sheet date.
- 21) Debit (in bookkeeping): Entries in the debit column of a ledger account representing increases in assets, expenses, or decreases in liabilities or income.
- 22) Debtor: A person or organisation that owes money to the business.
- 23) Deferred income: Money received for goods or services which has not yet been earned.
- 24) Deferred taxation: Income and expenditure may be recognised at different times for accounting and tax purposes. Deferred tax is a way to balance this timing difference in the accounts.
- 25) Depreciation: The reduction of recorded cost of a fixed asset in a systematic manner until the value of the asset becomes zero or negligible.
- 26) Director(s): Person(s) appointed by shareholders of a limited liability company to manage the affairs of the company.
- 27) Dividend: Amount paid to a shareholder, out of a company's post tax profits, as a reward for investment in the company. The amount of dividend paid is proportionate to the number of shares held.
- 28) Drawings: Cash taken for personal use, in sole trader or partnership businesses, treated as a deduction of ownership interest.
- 29) Entity, entities: Something that exists independently, such as a business which exists independently of the owner.
- 30) Equity: A description applied to the ordinary share capital of an entity.
- 31) Expense: Generally the running costs of a business.
- 32) Fixed asset: A long-term tangible piece of property or equipment that a firm owns and uses in its operations to generate income. Examples are equipment, vehicles, land and buildings.
- 33) Fixed cost: One which is not affected by changes in the level of output over a defined period of time.
- 34) Forecast: Forecast estimate of future performance and position based on stated assumptions and usually including a quantified amount.
- 35) Gross: Before making deductions.

- 36) Gross profit (or margin): Sales minus cost of sales before deducting administration and selling expenses.
- 37) Historical cost: The original cost at the time of a transaction.
- 38) Intangible fixed asset: An asset, such as a right, that cannot be touched. For example, a trademark.
- 39) Inventory: Stocks of goods held for manufacture or for resale.
- 40) Invoice: A document from supplier to buyer summarising goods or services supplied and the price payable.
- 41) Joint Account: A financial account owned by two or more people who share equally in the rights and liabilities of the account.
- 42) Kashflow: Accounting software designed to take the hassle out of small business accounting
- 43) Leasing: Acquiring the use of an asset through a rental agreement.
- 44) Liabilities: Debts owed by a business.
- 45) Limited liability: the extent to which a company shareholder or director is financially responsible for their company's debts.
- 46) Liquidity: The extent to which a business has access to cash or items which can readily be exchanged for cash.
- 47) Making Tax Digital: An HMRC initiative that replaces manual tax administration with an online, digital system for reporting and paying tax.
- 48) Net assets; The value of a company's assets minus its liabilities.
- 49) Net profit: Sales minus cost of sales minus all administrative and selling costs.
- 50) Outsourcing; The decision to buy a product, or pay someone to make it for you, instead of making the product for yourself.
- 51) Partnership: Two or more persons (or companies) in business together with the aim of making a profit.
- 52) Prepayment: The payment of a bill, operating expense, or nonoperating expense that settle an account before it becomes due. It is an action taken by a single individual, a corporation, or another type of organisation.
- 53) Profit: Calculated as revenue (income) minus expenses.
- 54) Profit and loss account; Financial statement presenting revenues, expenses, and profit.
- 55) Provision: A liability of uncertain timing or amount.

56) Quickbooks: An accounting software package geared toward small and medium-sized businesses, offering on-premises accounting applications as well as cloud-based versions that accept business payments, manage and pay bills, and payroll functions.

57) Reserves: The claim which owners have on the assets of a company because the company has created new wealth for them over the period since it began. The most common example is retained earnings.

58) Retained earnings: Accumulated past profits, not distributed dividends, available to finance investment in assets.

59) Secured loan: Loan where the lender has taken a special claim on particular assets or revenues of the company to give extra protection in the event of the loan remaining unpaid.

60) Share capital: The total amount of cash which the shareholders have contributed to the company.

61) Share certificate: A document providing evidence of share ownership.

62) Share premium: The price paid for shares in a company over and above their nominal value.

63) Shareholders: Owners of a limited liability company.

64) Sole trader: An individual owning and operating a business alone.

65) Stakeholders: A general term devised to indicate all those who might have a legitimate interest in receiving financial information about a business because they have a 'stake' in it.

66) Stock: It can either be used to describe an inventory of goods held for resale or for use in business, or it refers to shares in the ownership of a company.

67) Tangible fixed assets: A fixed asset (also called a non-current asset) which has a physical existence. Used to differentiate it from an intangible fixed asset.

68) Trade creditors: Persons or businesses who supply goods or services to a business in the normal course of trade and allow a period of credit before payment must be made.

69) Trade debtors: Persons or businesses who buy goods or services from a business in the normal course of trade are allowed a period of credit before payment is due.

70) Turnover: The sales of a business or other form of revenue from operations of the business.

71) Undeposited funds account: An internal "other current asset account" created by QuickBooks to hold funds until you are ready to deposit them.

72) VAT Registered: The process of listing your business with the government as active in production and sales.

73) Working capital: Finance provided to support the short-term assets of the business (stocks and debtors) to the extent that these are not financed by short-term creditors. It is calculated as current assets minus current liabilities.

74) Year-to-date: The period between the first day of the calendar year and the current date.

75) Zero based budgeting: A method of budgeting in which all expenses must be justified and approved for each new period.

प्रश्नोत्तरी के अंतर्गत सभी धारों को
तीन समूहों में बाँट या विशाजन करके समूह

A. समूह - B. समूह - C नाम दिये गये हैं।

प्रश्नोत्तरी कारक चिह्नों पर चला। क्यों कि भाषा
में जो अच्छी तरह से समझने के लिए (या) हमारे
धारों को शुद्ध रूप से व्यक्त करने के लिए
कारक चिह्नों की आवश्यकता है। कारक चिह्न
वाक्य में होनेवाले शब्दों के बीच संबंध को
व्यक्त करते हैं। हिंदी में कारक आठ प्रकार
के होते हैं।

वे हैं - 1) कर्ता कारक 2) कर्मकारक 3) करणकारक
4) संप्रदान कारक 5) अपादान कारक 6) संबन्ध कारक
7) अधिकरण कारक 8) संबोधन कारक

इन कारक चिह्नों पर प्रश्नोत्तरी अच्छी तरह
से चली। इसमें धारा बड़ी उत्साह से भाग
लिया।
