## **Remedial Coaching**

**(2022-23)**

### **Policy and aim**

Remedial coaching is an educational cope with mechanism to assist the students who experience difficulties in their learning process. It aims to provide a simplified and clear explanation from the basic concepts to catch up with their peers and master the necessary academic skills. It is aimed at bridging the gap between the fast learners and slow learners, boosting their confidence and inculcate essence of competitiveness in the minds of those students. Here in this physics department, we segregate the students into advanced learners, normal students and students who need assistance. This segregation takes place based on their performance in the internal examinations and the immediate past semester examination performance. For the advanced learners we give them additional input of 20% in every chapter and student study projects that enhances their inquisitive nature and learning abilities. We take up remedial coaching for the students who need further assistance.

The remedial coaching classes are tailored to the Academically weaker students. Important questions <sup>40pts</sup> are taught. Assessment is done after each class by tests & Q&A sessions.

The department of physics has conducted online quiz using advanced tool called PLICKERS. The topics are so chosen that they are very common but somewhat need careful attention to answer. This was done to increase awareness among the students to carefully observe the things around us and with a view to increasing their general knowledge for various competitive examinations.

### Some of the Questions (Excerpts from Plickers Website )

### Bridge Course:

"The aim of education is to guide young persons in the process through which they shape themselves as human persons-armed with knowledge, strength of judgment, and moral virtues-while at the same time conveying to them the spiritual heritage of the nation and the civilization in which they are involved".  
Jacques Maritain

With this aim in mind department of physics has conducted bridge course to newly joined students. Along with bridging the gap between intermediate and undergraduate course, We have emphasised the fact that the degree is a 3 year course which must bring a holistic all round personality development in them. By the time they go out of this college they should be equipped with the skills that are necessary for employment / higher studies/ Self-employment.

### Attendance :

The image shows two pages of handwritten attendance records. The pages are numbered 22 and 23. Each page contains a list of student names and roll numbers, with columns for recording attendance on specific dates. The handwriting is in blue ink on lined paper. The names and roll numbers are written in the left column, and the dates and corresponding attendance marks (represented by numbers 1-5) are written in the right columns.

- The area is the product of two lengths.  
Area = Length X breadth =  $[L] \times [L] = [L^2]$   
Therefore,  $[A] = [L^2]$  That is, the dimension of the area is 2 dimensions in length and zero dimensions in mass and time.  
Or  $[A] = [M^0L^2T^0]$
- Similarly, the volume is the product of three lengths.  
Volume = Length X breadth X height =  $[L] \times [L] \times [L] = [L^3]$   
Therefore,  $[V] = [L^3]$  That is, the dimension of volume is 3 dimensions in length and zero in mass and time.  
Or  $[V] = [M^0L^3T^0]$
- Similarly, acceleration is the rate of change of velocity per unit of time.

- on 4<sup>th</sup> day we have arrived to the trade fair at 4.30pm . Arranged the plants and started Selling. We have Sold about 21 plants and day 4 was the last day
- **We have sold about 4 types of moneyplants , sanke plant , daniela grass, types of crotons , dracena colorama, dracena mahatma, types of roses, different types of succulents, heliconia citacora ,aglonema varieties, rubber plant, arrowhead, waterbamboo,Areca plants Zz plant, pendanus ,Alkasia varieties and etc.....**

## INVESTMENT:-

- have kept 6,335 ruppess .
- Where , for plants. :- 4535 ruppess
- for transport from kadiyam :- 1800 ruppess
- Total investment :- 6335 ruppess.

**"After Selling plants the Total income was :- 7,725ruppess**

**so, Daily auto charges (for 4days) :- 800**

**Decorative stones, plantcovers etc. :- 300**

**Total ( 7,725- 800-300 ) :- 6,625.**

**So after taking out all the expenses , the investment got back and the profit that I got was 290 ruppess .( investment 6335 ruppess + profit 290 ruppess)**

DEPARTMENT OF HOME SCIENCE  
Guest Lecture on

**“SELF EMPLOYMENT OPPORTUNITIES IN HOME SCIENCE”**

On 18<sup>th</sup> April 2023, a guest Lecture was organized in the department of Home Science for I, II and III year students. Smt. V. Anantha Lakshmi, Retired Lecturer in Home Science enlightened the students on the various self-employment opportunities in home science. She has also emphasized upon the skills to be inculcated to attain success in life.

**SELF EMPLOYMENT OPPORTUNITIES IN HOME SCIENCE:**

**1) Confectionary and Bakery:** The Home Science graduates can start up their own bakery or confectionery with different nutritive and conventional ideas. Their innovative skills can be utilized for setting up their own business of bakery and confectionary.

**2) Fashion Designer Boutique:** The Home Science students can set up a boutique for the construction of customised clothes. There, they can design and construct garment according to the wish of the client or customer.

**3) Catering Business:** The catering business is also an option for home student owing to its increasing demands in many institutions and organisations. The catering skills are very helpful to run a canteen and to outsource the food service for different offices, factories etc. As most of the offices and factories hire agencies or individuals to deliver lunch for the daily meals of the employees.

**4) Hobby Centres:** Hobby centres can also be opened by home science trained individual where interested persons can learn making useful products out of household waste, making of candles, paper flower, soft toys, rangoli, flower arrangement, jewellery designing, pot making, wall painting and many more things.

**5) Child Care Centres:** A person with specialization in human development domain of Home Science can open a child care centre for the kids whose mothers are out of home for job purposes. To start a child care centre the owner needs covered space with toys and nurses. The graduates and post graduates can also start creches, nursery schools and after school centres.

**6) Interior Designing:** Home Science students whose specialization is from resource management stream can impart training in the art and design of interior decoration. They can also take up for the interior decoration of various settings like offices, hospitals, school.

**7) Grooming Centres:** Grooming centres can be set up to provide different services like skin care, body care and hair care. **8) Coaching Centres:** Home Science graduates can open up their own coaching centres where coaching is being produced to desirous candidates up to the level of graduation and in these days there is a great demand of coaching centres as both parents are employed and do not get enough time to guide their children in study.

## **A report on YUVA CRAFTS participation in Women Entrepreneur Trade Fair 2022**

Women Entrepreneur Trade Fair 2022 is a fair organized every year by District Rural Development Agency (DRDA) under the guidance of the district collector for encouraging the women entrepreneurs. An advertisement is given by the district authorities calling for applications from women entrepreneurs throughout India for arranging the stalls and exhibiting and the sale of their products. Responding to the call the college also has submitted an application for putting up a stall in the exhibition in collaboration with the Godavari Rural Development Trust & Women Empowerment Trust ,Kakinada which is an NGO supporting the entrepreneurship trainings of the local women. The trust has supported the institution financially by paying the amount for stall booking and also providing necessary logistics in setting up the stall. District collector ----- , MP Smt. \_\_\_\_\_ inaugurated the exhibition.

Yuva Crafts is an Innovative start up in the institution with students of various groups and the alumni of the college are the members which runs under the guidance the Department of Home Science. The members of Yuva Crafts are trained by the alumni in making various handicrafts, wall hangings, toys and other decorative items. The products are marketed at various platforms like SAMANA exhibition organized every year in the college and also at exhibitions organized outside the college by various organizations.
