CAREER OBJECTIVE

Seeking a challenging and rewarding position, with a strong will to prosper in any assignedduties. Passion to quickly learn and adjust to new environments and technologies.

TECHNICAL SKILLS: Python, HTML & CSS, MySQL, Microsoft Office

SOFT SKILLS: Leadership, Communication, Management Skills.

PROJECT WORK:

- **Invisibility cloak using Python:** The fundamental idea is to blend in with the background while utilizing a blue or green cloth to monitor in real time. Additionally, it functions similarly to the Harry Potter Invisible Cloak in that it virtually accomplishes the same thing by being invisible and revealing what is hidden behind the cloak. Furthermore, Chinese researcher Chu Junhao has been employing optical technology to make it in the recent past.
  Team size: 1
  Software used: Python, OpenCV , Jupyter Notebook

EXPERIENCE:

- **Data Science and Machine Learning using Python Internship by PHN Technology Pvt. Ltd:**
  PHN Technologies Pvt. Ltd. Is offering the internship. Furthermore, they provide practical experience by having some exams available online. And because of this, I can work with python with more flexibility. In addition, I got a certificate for passing the assessment for their internship.
