**All is Well NGO of Kakinada, which initiated a mission of 3 HOURS FOR SOCIETY.**

Every Sunday 6 a.m. to 9 a.m. 40-50 of our student volunteers involve in environment related activities with the mission Green our Earth, help our Ocean, and Clean our Air. The main activities include mass plantation drives, block plantation in parks and educational institutions, maintenance of plants, beach clean drives, awareness campaigns on ground water conservation and on waste management.

Our Institution is associated with ALL IS WELL Foundation since the year 2017.

The Foundation has provided the Appreciation certificates for the efforts of institution and Student volunteers in keeping live their objectives.

### **Objectives of the Activity :**

1. To promote environmental consciousness and sustainability among students through active participation in eco-friendly initiatives.
2. To contribute to the greening efforts of the local community by engaging in mass plantation drives, block plantations, and maintenance of existing green spaces.
3. To raise awareness about crucial environmental issues such as ground water conservation, waste management, and ocean pollution through awareness campaigns and hands-on activities.
4. To foster a sense of responsibility and ownership towards the environment among students, encouraging them to become active agents of change.
5. To collaborate with local organizations like All is Well NGO to amplify the impact of environmental conservation efforts through collective action

## Letter of Appreciation

We appreciate the efforts of the students of ASD Degree College For Women (A), Kakinada for the dedication and sustained support for past 7 Years in the activities of Plantation, Plastic Eradication, Rain Water Harvesting, Percolation Pits and etc with our NGO All Is Well Foundation, Kakinada. The efforts of the students not only beautify the environment but also plays a crucial role in mitigating climate change and preserving Biodiversity. Each Sapling nurtured by the students of ASD Degree College for Women(A) will certainly shows a hopeful way towards a greener and more sustainable future for generations to come.

Apart from this they rendered their services in releasing the Olive Ridley Hatchlings (Baby Turtles) into the Sea at Hope Island.

Thank you for being champions of environmental sustainability and for inspiring others too in caring our planet
