Report on the Activity

As part of Cyber Security Awareness Month, a poster presentation titled "Staying Safe in the Digital World" was held on 03-10-2024. This event aimed to educate students about cybersecurity risks and promote safe online practices. Participants were encouraged to create informative and visually engaging posters covering topics such as password security, phishing awareness, and safe browsing habits. The posters were displayed prominently in a common area, allowing students to explore the various aspects of digital safety while interacting with their peers.

The event saw enthusiastic participation, with 51 students from for I, B.Sc.(H)CS, II B.Sc.(H)CS & II B.Sc(Minor), III B.Sc.(MPCS & MSCS) & II & III B.Com(Computer Applications) showcasing their creative work. A panel of faculty members and cybersecurity experts evaluated the posters based on clarity, creativity, and relevance. Attendees expressed appreciation for the opportunity to learn from their peers and engage in discussions about critical cybersecurity issues. Overall, the poster presentation successfully raised awareness about the importance of digital safety, fostering a proactive approach to cybersecurity among the student body.

Objectives

- To raise awareness about cybersecurity issues and threats.
- To promote best practices for online safety among students.
- To encourage creativity and engagement through visual representation of information.

Outcomes

- **Participation:** A total of 51 students participated, with 23 posters displayed, showcasing a wide range of cybersecurity topics.
- **Engagement:** The event attracted significant attention, with many students stopping by to learn and interact with the presenters.
- **Feedback:** Participants expressed enthusiasm about the importance of cybersecurity and appreciated the creative efforts of their peers.
- The visual format of the posters effectively conveyed complex information in an accessible manner.
- Students valued the opportunity to engage in discussions about real-world cybersecurity issues.
