2024-2025

PERMISSION LETTER

**Kakinada,
Date: 25-09-2024.**

To,
Dr. V.Anantha Lakshmi,
Principal,
A.S.D. Govt. Degree College for Women (A),
Kakinada.

From,
N.Naga Subrahmanyeswari,
Incharge - Department of Computer Science
A.S.D. Govt. Degree College for Women (A),
Kakinada.

Sub: Request to conduct the Poster and Paper Presentation competitions on account of Recognition of Cyber Security Awareness Month for students on 03-10-2024 and 04-10-2024.

Respected Madam,

The Department of Computer Science wishes to conduct the Poster Presentation competition on “Staying Safe in the Digital World” and Paper Presentation Competition on “Innovative Solutions to Cyber Security Challenges”, for all the students on 03-10-2024 and 04-10-2024. This activity shall improve the confidence of students and improve their communication skills. Kindly do the needful.

Thanking you, Madam.

Yours faithfully,

CIRCULAR

DEPARTMENT OF COMPUTER SCIENCE

CIRCULAR

Date:-28-09-2024

In observing Cyber Security Awareness Month in October 2024, the Department of Computer Science wishes to organize the Poster and Paper Presentation Competitions which are aimed at raising awareness about the importance of cybersecurity in our digital lives.

1. *Poster Presentation Competition on 03-10-2024*

Theme: "Staying Safe in the Digital World"

2. *Paper Presentation Competition on 04-10-2024*

Theme: "Innovative Solutions to Cyber Security Challenges"

Interested students can participate and Top Two Performers will get Prizes.

Note:

- Three members per team are allowed
- Interested students can register with R.Veeraveni at Computer Lab-I on or before 01-10-2024.

We encourage everyone to engage in this initiative and contribute to spreading awareness about cyber safety.

DEPARTMENT OF COMPUTER SCIENCE

Report on the Activity

Department of Computer Science has organized Paper Presentation Competition for the students on 04-10-2024 on “Innovative Solutions to Cyber Security Challenges” as part of Cyber Security Awareness Month. The event aimed at raising awareness about the importance of cyber security in our digital lives and also to create awareness among the students on the recent developments in the field of Computer Science, focusing on the latest technologies and strategies to combat growing threats.

A total of 26 students from for I B.Sc.(CS), II & III B.Sc.(MPCS) & II & III B.Com(Computer Applications) participated in the activity. The presentations covered a range of topics, including artificial intelligence in threat detection, data integrity, and new approaches to securing devices. Each speaker highlighted real-world case studies and innovative practices that organizations are implementing to enhance their cybersecurity posture. The event concluded with a panel discussion, allowing attendees to engage with the speakers and delve deeper into the challenges and solutions presented. Overall, the paper presentation was well-received, successfully raising awareness and inspiring further exploration of innovative cybersecurity strategies among participants. Dr. M.Sulakshana, Lecturer in Botany and Ms.D.Jayasree, Lecturer in Microbiology acted as Judges for the activity.

Objectives

1. **To Educate:** Provide participants with insights into the latest trends and technologies in cybersecurity.
2. **To Foster Innovation:** Encourage discussions on creative and effective solutions for current cybersecurity challenges.
3. **To Engage Stakeholders:** Create a platform for students to share knowledge and experiences in the field of cybersecurity.
4. **To Raise Awareness:** Increase awareness about the importance of proactive measures in cybersecurity.

Outcomes

- **Participation:** The event attracted 26 participants, fostering a vibrant atmosphere for discussion and collaboration.

- **Knowledge Sharing:** Presentations covered diverse topics such as the use of artificial intelligence for threat detection, methods for data security, and strategies for securing devices. Attendees gained valuable insights into practical applications of these technologies.
- **Interactive Discussions:** A panel discussion followed the presentations, encouraging questions and dialogue between participants and Judges. This engagement facilitated deeper understanding of the challenges and solutions in the cybersecurity landscape.
- **Increased Awareness:** Feedback from attendees indicated a heightened awareness of cybersecurity issues and a greater appreciation for innovative approaches to tackling these challenges.

Overall, the paper presentation successfully met its objectives, providing a rich learning experience and inspiring participants to think creatively about solutions to cybersecurity challenges.
