

**A.S.D GOVERNMENT DEGREE COLLEGE FOR WOMEN**  
**Autonomous, Kakinada**  
**STUDENT INDUCTION PROGRAMME 2021-22**

When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and many of them have little knowledge of the college. An important responsibility of the college is to welcome new students and prepare them for the new roles and responsibilities and accustom them to the new environment. This should be a slow and gradual process. Hence before the commencement of the classes, it is the responsibility of the institution to conduct an induction programme to the newly admitted students wherein they are acclimatised to the new environment, introduced to the faculty members of various departments, explaining about the various facilities for curricular, cocurricular and extracurricular activities. Student Induction Programme was organized from 8th Feb 2021 to 13<sup>th</sup> Feb 2021. As a part of this, all the departments and committees were allotted duties each day to sensitize the students.

On day1, Principal Smt.M.Suvarchala addressed the students. She welcomed the students and congratulated being part of the institution. She has also explained about the importance of discipline in the campus. Physical director has explained about the importance of physical activity and conducted various games for the freshers

On day 2, IQAC Coordinator and the committee members addressed the students. They were explained about She briefly explained about the various student support services available to the students in the college and how the quality of education is assured for the students during their study period. A personality development lecture was given by the staff of English department

On day 3, the language departments along with cultural committee organized cultural activities for the students. Talent hunt was conducted to see the skills of the students.

On day 4, NCC and NSS Programme officers explained about the importance of enrolling in NCC and NSS and how it is going to cater to the overall development of the students

On day5, the department of Home Science organized a lecture on the importance of Health, hygiene and nutrition and the nutritional requirements during the adolescence period.

On day 6, the last day of the student induction programme, the newly admitted students were taken to the various departments and the student support services available in the college
